Virtual Meeting GINOCCHIO & SPORT

PEDIATRIC AND ADOLESCENT
CRUCIATE LIGAMENT INJURIES

18 Dicembre 2020

Transalpine Center of Pediatric Sports Medicine and Surgery

2nd CONFERENCE

Centre Transalpin de Médecine et Chirurgie du Sport Pédiatrique

2° SÉMINAIRE

Presidenti del Corso: **Prof. Marco Bigoni – Prof. Aurélien Courvoisier**

Responsabile Scientifico: **Prof. Marco Bigoni**

Segreteria Scientifica: **Dr. Massimiliano Piatti – Dr. Marco Turati – Dr. Nicolò Zanchi**

SCIENTIFIC RATIONALE

In the last years, anterior cruciate ligament (ACL) injury rate has significantly increased in pediatric and adolescent and there is an ongoing debate about the ideal ACL injury management in skeletally immature patients. Specific expertise and experience in pediatric sports medicine allows specialists to appropriately treat the unique sports-related lesions of children and teens. We believe that specialized sports medicine surgeons, trained in pediatric arthroscopic surgery with an expertise in sports physical therapy and rehabilitation are essential to a proper treatment. Moreover, tutoring training for students, residents and community education for parents, coaches, athletic trainers and physiotherapists is essential.

For these reasons we created the Transalpine Center of Pediatric Sports Medicine and Surgery, an International Pediatric Sports Medicine Center between the University of Milano-Bicocca and the Grenoble Alps University Hospital. This is a great opportunity to build an interdisciplinary team including pediatric orthopedic surgeons, pediatrics, rehabilitation experts, physical therapists, and athletic trainers to provide together extraordinary care for growing patients. The aim of this 2nd Conference is to exchange professional scientific knowledge and valuable clinical experiences around pediatric and adolescent cruciate ligament injuries in order to improve our knowledge and give the best treatment to our patients.

The conference comprises broadly speakers to have a wide range of exposure to consider not only the surgeon point of view but various aspects of rehabilitation, prevention, research, sports medicine, and many more.

PROGRAMMA SCIENTIFICO

Chair: Marco Bigoni

18:00 - 18:10

Introduction

[Antonio Andreacchio](#)

18:10 - 18:20

Pediatric ACL tear and associated lesions

[Pierfrancesco Bettinsoli](#)

18:20 - 18:30

Management of ACL tear in children: treatment algorithm

[Marcello Catalano](#)

18:30 - 18:40

Extraphyseal ACL reconstruction overview and technique

[Marco Turati](#)

18:40 - 18:55

Transphyseal ACL reconstruction, tips and trick and personal experience

[Franck Accadbled](#)

18:55 - 19:05

Tibial spine fracture: arthroscopic management

[Aurélien Courvoisier](#)

19:05 - 19:20

Adolescent ACL preventive management and high quality rehabilitation

[Suzanne Gard](#)

19:20 - 19:30

Bone metabolism and OCD

[Nicolò Zanchi](#)

19:30 - 19:40

Pharmacological treatment of OA

[Marcello Catalano](#)

19:40 - 19:50

Bracing options for pre-, post- and non-operative knee injury management

[Massimiliano Piatti](#)

19:50 - 20:00

Final Discussion and end of meeting

[Marco Bigoni](#)

MODALITÀ DI REGISTRAZIONE

Collegarsi al portale educativo <https://platform.webionair.com/event/ginocchio-sport-pediatric-and-adolescent-cruciate-ligament-injuries/>
Compilare i campi del form di iscrizione (la corretta compilazione è indispensabile per l'attribuzione dei crediti ECM).

Il sistema invierà all'indirizzo di posta elettronica indicato in fase di registrazione il messaggio di corretta iscrizione al corso e il relativo link di accesso.

Deadline iscrizione: 17/12/2020 alle ore 18.00.

STRUTTURA DEL CORSO

Nell'area personale del sito <https://platform.webionair.com/event/ginocchio-sport-pediatric-and-adolescent-cruciate-ligament-injuries/> ogni iscritto potrà:

- Accedere al Virtual Meeting
- Compilare il questionario ECM e la scheda di valutazione evento entro tre giorni dalla fine del webinar
- Scaricare l'attestato con i crediti ECM assegnati.

ACCREDITAMENTO ECM

L'evento formativo è a numero chiuso e rivolto a 100 persone appartenenti alle seguenti categorie e discipline:

Professione: Medico Chirurgo - Fisioterapista - Tecnico Ortopedico

Discipline: Medico Chirurgo (Tutte le discipline della categoria medico chirurgo), Fisioterapista (Fisioterapista), Tecnico Ortopedico (Tecnico Ortopedico)

Questo corso darà diritto a 2 crediti ECM.

Tipologia Evento: Gratuito

Obiettivo Formativo: 3 - Documentazione clinica. Percorsi clinico-assistenziali diagnostici e riabilitativi, profili di assistenza - profili di cura

FACULTY

Franck Accadbled

Antonio Andreacchio

Pierfrancesco Bettinsoli

Marco Bigoni

Marcello Catalano

Aurélien Courvoisier

Suzanne Gard

Massimiliano Armando Giuseppe Piatti

Marco Turati
